NARELLAN POOLS INGROUND POOL COVER

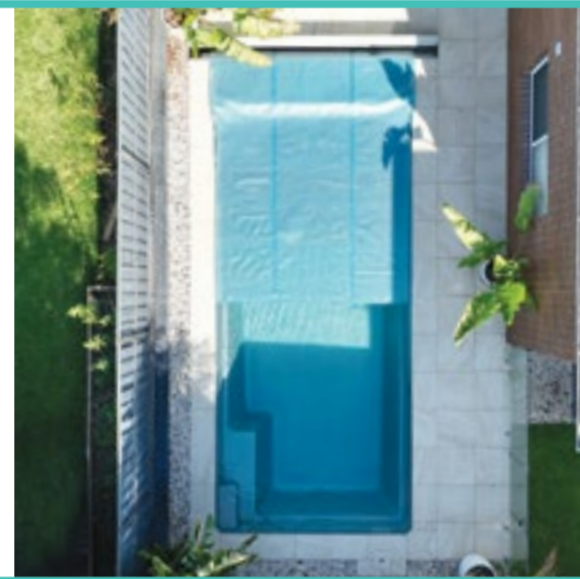

Now that you've chosen your pool design it's time to consider a pool cover, and installing a pool cover at the same time as your pool is the best time to do it.

A pool cover is more than just a device to stop leaves coming into your pool. A pool cover effectively stops evaporation and keeps your pool warmer so you can swim longer as the months get colder. And if you are installing a pool heater, a pool cover is the most economical way to retain the heat.

A genuine Narellan Pools Inground Pool Cover is the perfect choice for your Narellan Pool. Its' sleek beautiful design neatly keeps your pool cover tucked underground and out of the way, so you can enjoy a clutter free pool area.

Why?

- Aesthetically pleasing design that compliments any pool
- Prevents evaporation
- Saves hundreds of litres of water
- Less cleaning, by protecting against unwanted leaves and dirt
- Less water and less cleaning, means less chemicals
- Slows down temperature loss so you can swim longer
- Reduces heating costs
- Easy to use inground box that doesn't clutter your pool area

Specifications

- 100% Australian Made
- Fitted flush to your paving, deck or concrete
- Hard-wearing slimline aluminum lid
- Genuine 3:1 mechanical gearbox
- Single person operation

CUSTOMISE YOUR POOL

○ Automation

Sit back, relax and let fully automated systems control your swimming pool temperature and even your water chemistry without you having to lift a finger.

○ Swim Jets

Creating a current to swim against for therapy, fitness and aerobic exercise, Swim Jets allow swimmers the physical training they desire.

○ Heating

With a range of quality heating systems available for your pool, you can get the benefits of stable water temperature and an extended swim season. The three types of heating systems are solar, electric and gas. These can be used separately or in conjunction with each other.

○ Cleaners

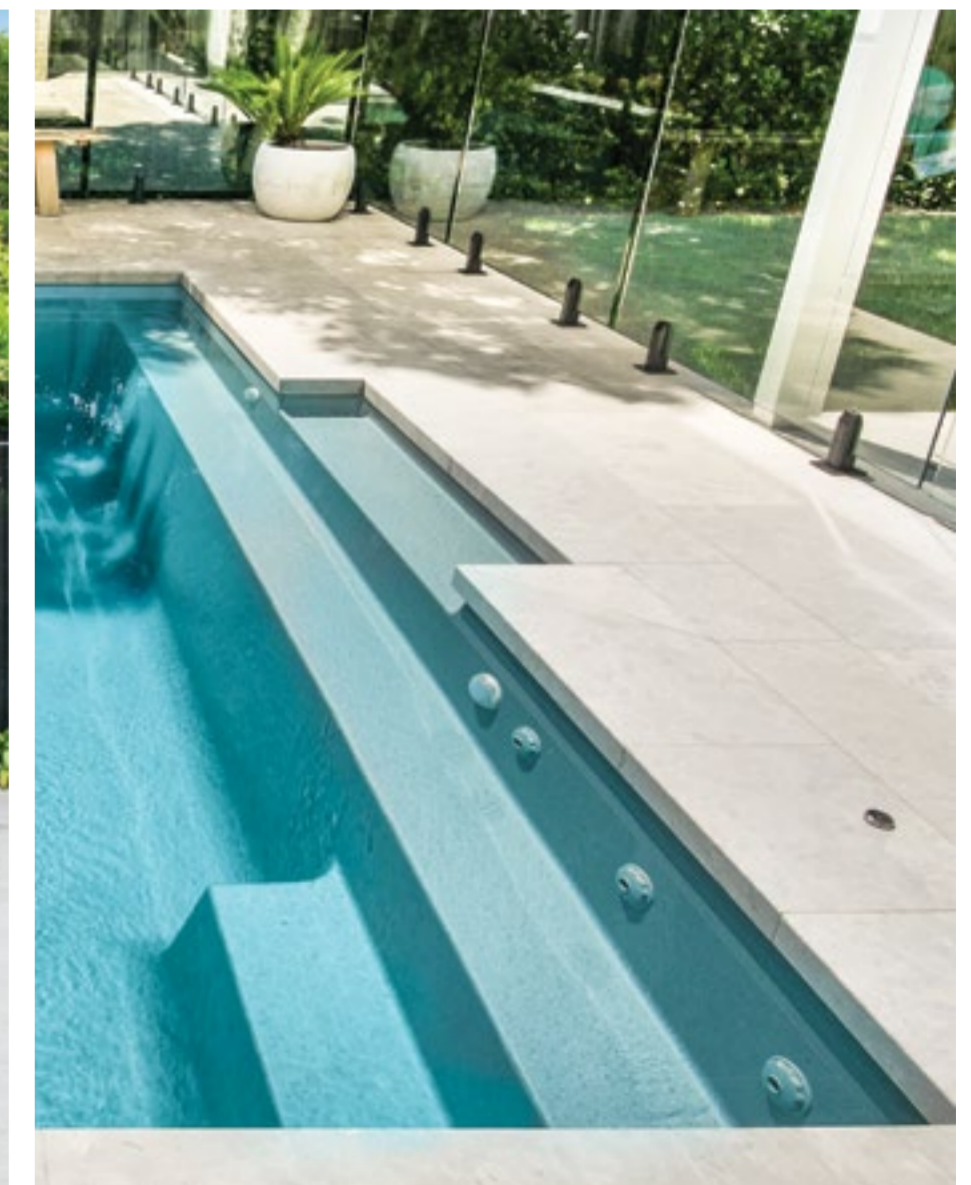

A clean pool is an inviting pool, and we offer a range of pool cleaners to keep your pool sparkling all year round. We offer robotic and suction cleaners. We will assist you to find an option which will suit your lifestyle and budget.

○ Spa Jets

Relax and unwind - let your pool give you a massage with our in-pool spa inclusions. Choose from either Venturi spa jets or an air manifold system. For maximum effect ask us about having both installed.

OUR WARRANTY, YOUR PEACE OF MIND

Narellan Pools manufactures fibreglass pools to the highest standards, and we're committed to ensuring your experience owning one of our pools is hassle-free.

We aim to ensure your investment is future-proof. Each inground fibreglass pool we sell comes with a manufacturer's lifetime structural warranty*, so you can have total peace of mind.

Pool Owner's Manual

We provide our clients with a Pool Owner's Manual, which is a comprehensive document that guides you how to keep your pool in peak condition. By following our guidelines, you'll make sure your warranty is valid, and your pool stays clean, healthy and ready to use.

Client Care

Narellan Pools has built its reputation as a leader in our industry by focusing on quality and integrity. Not only will we look after you during pool installation – we'll also be ready to help if a problem arises. We have a dedicated Client Care Team available to help, so you'll feel confident you have all the information you need.

You can contact our Client Care on **1800 045 015**.

***Disclaimer:** For more information in relation to the Narellan Pools warranty (including warranties on the surface or above ground pools, warranty coverage, applicable warranty periods, conditions for making a claim and warranty exclusions) talk to your local pool builder.

QUALITY ASSURED AT EVERY STAGE

Our standards for safety and quality set the benchmark. These standards apply to all areas of our operation, from manufacturing, to installation, and to ongoing client care and support.

Our unwavering commitment to quality is entrenched in every part of our business; stringent quality control and checks at each stage of the swimming pool manufacturing process guarantee each one of our fibreglass pools are manufactured to the optimum strength and durability.

- **Advanced manufacturing processes**
- **Team training**
- **Passionate Pool Builders**
- **Quality checks**
- **ISO 9001 accredited manufacturing facilities**
- **Commitment to research and development**
- **Microchip technology**
- **Quality transportation and handling procedures**

At every step we have the right process in place to deliver the ultimate client experience and ensure you have peace of mind for decades.

WE'RE IN THIS TOGETHER WHICH MEANS OUR WORK BEHIND THE SCENES ENSURES YOU CAN FOCUS ON SWIMMING

○ Quality Management System

Combining 50 years of manufacturing experience and independent annual auditing.

○ Microchip

A microchip is embedded into every pool, which is the key to unlocking the specific fibreglass data. Test results and a retained fibreglass sample are recorded and kept for every pool.

○ Installation

Installation is provided by highly qualified, fully licenced, locally owned and operated Pool Builders. We're proud to have the best trained Pool Builders in the industry.

○ Pool Manufacturing Certificate

Tracks the pool from conception to completion and records: time of day, room temperatures, technicians, material batch numbers and pool weight, just to mention a few.

○ Closed Loop Accountability

Every client is contacted to ensure complete satisfaction. We measure ourselves and our Teams against our clients' feedback with our Net Promoter Score.

○ Dispatch and Distribution

A dedicated Logistics Coordinator is assigned and has 100% control over your pool's pre-dispatch reports, logistics planning and safe arrival.

OUR MANUFACTURING

50 years of innovation, engineering and composite development has resulted in the creation of the world's best fibreglass pool shell. Our proprietary gelcoat and laminate construction ensures our pools withstand all climate conditions and soil types in any location worldwide.

**HANDCRAFTED
WITH CARE
FOR YOUR FAMILY**

ENVIRONMENTALLY CONSCIOUS TODAY FOR A BETTER TOMORROW

Narellan Pools is absolutely committed to reducing our carbon footprint. It's important we all take steps to reduce environmental impact. Our focus on environmentally conscious practices and materials extends to all areas of our operations.

We also want to make it easier for you to choose pool accessories and equipment that are kind to the environment.

Our local Pool Builders can provide you with eco-friendly options for your pool to lessen your carbon footprint and impact on the environment.

More Eco Sanitation of Your Pool

We have a range of sanitation solutions including mineral, that are more eco-friendly for your swimming pool, further improving the water quality and not harming the environment like traditional chlorination systems.

Water-Wise Pool Builders

We understand the importance of managing water wisely without sacrificing the family fun of owning a swimming pool. Our local Pool Builders can help you discover ways to conserve water and help the environment.

Reduced Electrical Consumption

We can provide you with highly energy efficient equipment. There are filtration systems available with variable speeds, so they use less energy and make less noise.

INTRODUCING NARELLAN POOLS AUGMENTED REALITY (AR) APP

The first step in the journey that will **change your family life**

INSTALLATION

Bringing your dream to life with Narellan Pools will be hassle-free.

With your local qualified Narellan Pools Builder, your dream pool is in the best hands as we will take care of everything for you.

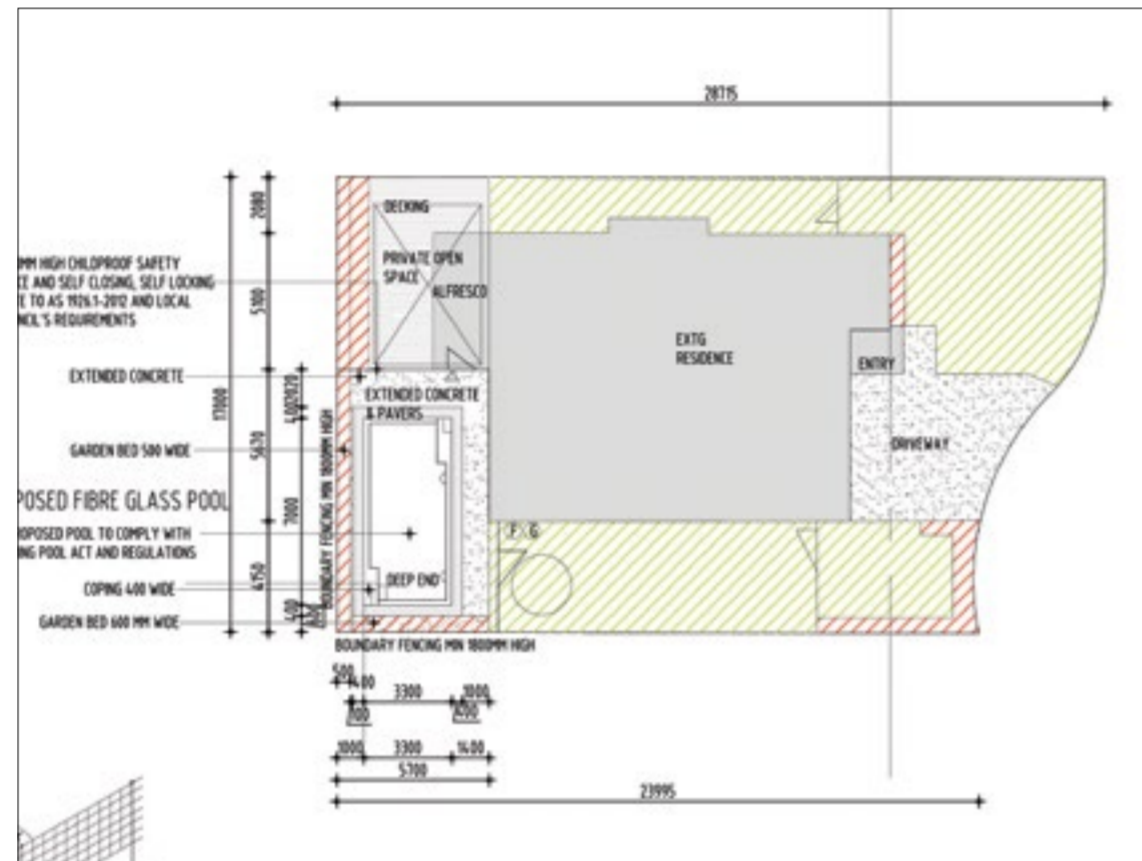

With our five step construction process, building your dream pool is often faster than you think. Your local Pool Builder will guide you through each stage, from conception to completion.

Conception and Consult

During your design consult, we will create your site plans, and discuss and design what you wish to achieve with your swimming pool and its surrounds.

We can also map out optional needs like landscaping and paving, and begin the process of securing necessary statutory approvals.

Excavation

After your plans have been approved, your local Narellan Pools Builder will prepare the site for excavation, and begin the process so that your pool shell can be placed into position.

Construction

Your pool will be delivered to your site and carefully placed into position. All plumbing and filtration equipment will be installed at this time as well.

Structural Beam

The final structural component of your pool is the pouring of the structural bond beam on top of the pool edges. The beam is designed to act like a seal, and with the support of backfilling and drainage, your in-ground pool will be locked securely into the ground.

Handover

After completion of the construction steps, your local Narellan Pools Builder will carry out a 'handover' process. You will be instructed on how to use your pool equipment, and receive your Pool Owner's Manual. This manual will equip you with the information you need to care for your pool in line with its warranty requirements.

OUR PHILANTHROPY

At the core of Narellan Pools is a philosophy of making a difference and giving back to the communities we operate in.

Narellan Pools believe if everyone shared the philosophy of giving back, the world would be a better place. Inspired by their leadership and belief, the Narellan Pools community is passionate about improving lives and creating change where it's needed.

Narellan Pools' commitment to remaining ethical whilst contributing to economic development and improving the quality of life of communities we operate in, is an absolute focus and passion.

THE SPLASH FOUNDATION BY NARELLAN POOLS

Community is one of the Narellan Pools' values and we love to support the communities in which we operate. After years of actively supporting a range of not-for-profit organisations, Narellan Pools has taken a significant step forward by launching our very own foundation.

The SPLASH Foundation is a Narellan Pools initiative that offers Australian community groups the unique opportunity to obtain their very own Narellan Pools fibreglass swimming pool, when they otherwise might not be able to afford one.

So, whether you represent a community organisation, a school, a local sporting group, a club, a rehabilitation centre or even a retirement facility, Narellan Pools is giving you the chance to have a positive impact on your community, with a brand new Narellan Pool!
